PDF to InDesign

Recently GPD has added another tool to its arsenal in the form of Recosofts PDF to InDesign (PDF2ID). This software converts PDF files into editable InDesign files.

PDF2ID recreates the intended construction and layout of the document by forming paragraphs; applying styles; regrouping independent graphic elements; extracting images; creating tables; recovering annotations and other elements automatically.

PDF2ID converts every page in a PDF file to an equivalent page in the resulting InDesign document. PDF2ID also provides options for converting or extracting data from a range of

pages in a PDF document.

With the acquisition of this new software GPD has gotten another step further in its mission and vision.

ENDLESS MELODIES

Beauty and Splendour and
 Total tranquility
 Are things that so often
 make life so sweet.
 One person to another expressing
 just how they feel.
 Being genuine about it thus
 making it that much real.
 Thinking of the many things eloquently said,
 Leaves one in complete wonder
 and total dismay.
 Could this be real,
 could it I ask myself?
 Think of whom it came from and no one else.
 I am truly convinced that those
 melodies will last forever,
 Far to the future and
 Beyond ever and ever.

Reaching the end of a job interview, the Human Resources Officer asked a young Engineer fresh out of MIT, "And what starting salary were you looking for?" The Engineer replies, "In the region of \$125,000 a year, depending on the benefits package." The interviewer enquires, "Well, what would you say to a package of 5-weeks vacation, 14 paid holidays, full medical and dental, company matching retirement fund to 50% of salary, and a company car leased every 2 years say, a red Corvette?" The Engineer sits up straight and says, "Wow! Are you kidding?" The interviewer replies, "Yeah, but you started it."
