N.B. 1) All admissions and discharges exclude newborns.

- 2) The number of discharges represents $\emph{live}\,$ discharges, and excludes inpatient deaths.
- 3) The number of hospital beds does not include nursery beds (bassinets).
- 4) For 1996 and later years, the total number of visits at The Community Counselling and Assessi
- 5) General Practice Clinic figures include Civil Servants Clinic and Family Medicine (introduced in July, 2009).
- 6) Specialty clinic visits include the following areas: Medical, Surgical, OB/High Risk Clinics, Paediatrics, Asthma, STD and Skin.
- 7) The number of public clinic visits for 2000, 2001 and 2003 are not readily available; estimates presented are averages of the previous three years.
- 8) 2007 to 2010, and 2015 outpatient visits for The Community Counselling and Assessment Centre are not readily available; estimates presented are averages of the previous five years. Revisions were made for the period 2011-2013.
- 9) Minor revisions, primarily in the number of deaths and hence discharges, were made for PMH, Rand Psychiatric and Geriatric Hospitals for selected periods from 2001 to 2007. 10) PMH Psychiatric visits were added for the years 1999 to 2003. Ann's Town Clinic geriatric services began in 2002.
- 11) Beginning in 2005, additional specialty clinics from PMH began reporting data, accounting for the increase in numbers for that year.

 13) Day surgery patients are not captured in this table.
- 14) The number of beds for PMH have been revised for 2011 to 2013.
